

Basic Information

Name: Henly Wuse

Phone: 13234729160

Email: 576895907@qq.com

Location: Xuzhou,jiangSu,China

Degree : Master

Education

- **Southeast University**
- **Master Electronics & information(30%)** 2021.09 - 2024.06
- **Inner Mongolia University of Science and Technology**
- **Bachelor Automation** 2016.09 - 2020.06

Experience

- Hybrid Sensor Array (Research Area)** 2023.2 - now
content: 1. digital analog mixing design, Digital signal process(FFT).
2. Array Sensor design(Capcitive sensor& Resistive sensor).
- Software Engineer** 2021.9 – 2022.9
content: 1.Wechat Applet development(wxml/wxss/js);
2.java development(springboot+mysql).
- Embedded Engineer(Internship)** 2021.5 - 2021.8
content: Simple Set MCUs development.
- Quadrotor Unmanned Aerial Vehicle Design** 2020.4 – 2020.6
content: 1. STM32development;
2. Design of classical control theory algorithms (dual closed-loop PID attitude control), communication protocols porting, etc.

Skills

1. Embedded software MCU development (C); WeChat Mini Program Front End Development; Backend program development (JAVA), etc.
2. With a bachelor's degree in automation, knowledge of hardware, familiar with data structure algorithms and operating system principles;
3. Familiar with various software usage, such as AD, Solidworks, and understanding git. Familiar with the use of various instruments and meters.
